DISCUSSIONS

On motion, upon unanimous call of the roll, the Board accepted and approved the consent agenda.

Steve Hiatt, Harlan Road resident in Clearcreek Township, was present along with Neil Tunison, County Engineer, and Dennis Pickett, Clearcreek Township Administrator, to discuss his objection and request the Board's assistance in removing the gravel berm installed along his roadway by the Clearcreek Township Trustees.

Mr. Hiatt stated the placement of the gravel has created unsafe driving conditions on Harlan Road. He stated that by berming the road and not providing adequate compaction, it creates a dangerous drop off. He then stated that before the berming was installed, a car could gradually go down the embankment and not "drop off". He stated that the Township has adequate right of way to property fix the road and drainage problems.

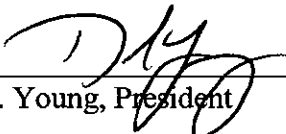

Neil Tunison, County Engineer, explained the history of how rural roads are constructed and stated that they practice of berming rural roadways are standard practice to prevent over corrections which cause accidents.

Upon discussion, Mr. Pickett requested Mr. Tunison to view the road in question and made a recommendation to the Township Trustees relative to the issue.

Mr. Tunison agreed to review the road in question and make a recommendation at a later date.

The Board viewed The Estates of Bella Vista, Spartan Ridge and Spring Haven Subdivisions relative to proposed road improvement assessment projects with the County Engineer and Assistant County Engineer.

Upon motion the meeting was adjourned.

David G. Young, President

Pat Arnold South

C. Michael Kilburn

I hereby certify that the foregoing is a true and correct copy of the minutes of the meeting of the Board of County Commissioners held on October 5, 2010, in compliance with Section 121.22 O.R.C.
