The purpose of this informal consultation is to discuss applicable standards and technical issues pertinent to the proposal, to comment on required compliance of the proposal to standards of this Code, and to comment on whether or not the site plan application is the necessary and appropriate process for making a decision on the proposed development. The applicant or Zoning Inspector may also request input on the proposal from staff of other potentially involved regulatory authorities or consultants. A concept sketch plan is not required at this time, but would be helpful to explain:
- (1) The location of the project;
 - (2) The proposed development (in general terms);
 - (3) The proposed layout of buildings, parking, access points, open spaces, and drainage facilities;
 - (4) The relationship to existing surrounding development; and any other conditions or items relevant to the processing of the application.

- (D) **Review and Action:** The Approving Authority shall conduct a quasi-judicial hearing and take sworn testimony and consider evidence made a part of the record, and consider the written comments and recommendations of the Zoning Inspector and other applicable authorities/departments. Upon closing the hearing, the Approving Authority may deliberate in private (a quasi-judicial hearing is not a meeting and not subject to the Open Meetings Act) and issues a written decision to approve or deny the site plan as submitted, or to approve with conditions. Conditions may include plan revisions and

safeguards to be performed by the applicant. Appeal of the Approving Authority's decision is to the Court of Common Pleas.

(E) **Case File Record:** Application files maintained by the Zoning Inspector shall contain all written information submitted. The application file is numbered by the year in which the application was reviewed and consecutive to other applications within the same year.

- (C) **Design Character, Operational Compatibility, and Coordination:** The appearance and design character of the proposed development and all corresponding operational activities are considered compatible and coordinated with surrounding, existing, and planned developments. The proposed structures must also be identified as a primary or secondary and must be coordinated to function with the internal operations of the site.
- (D) **Preservation of Significant Features:** The plan preserves: architecturally, historically and/or culturally significant buildings; wetland, floodplain, streams, aquifer recharge areas; soils areas with severe limitations for use; steep slopes; and tree lines, hedgerows, wooded areas, and trees that are determined valuable to retain.

- (M) **Soil Erosion and Sediment Control:** The plan provisions for minimizing soil erosion during development and preventing sedimentation during and after development are determined acceptable per evaluation by the Warren County Soil and Water Conservation District.
- (N) **Emergency Access and Service Facilities and Public Safety:** The plan provides for emergency access and service facilities (fire lanes, hydrants, and suppression supply connections) within the site as determined necessary per evaluation by the Fire/EMS department of jurisdiction in conjunction with the Warren County Building Department. The proposed development does not pose a threat to public safety.

- (P) **Compliance with Public Health and Safety:** The application must provide plan of procedures to mitigate nuisances to surrounding areas such as, but not limited to odors, excess noise, and/or unsanitary operations. Any externalities must be within the realm of public health, safety, and wellness.

- (A) The non-conforming use shall not be enlarged, increased in intensity, or extended to occupy a greater area of land on a lot than was occupied on the date when the use became non-conforming.
- (B) The non-conforming use may be extended throughout any part of the building(s) in which it existed on the date when the use became non-conforming, but shall not be extended to occupy any more land outside of any such building(s) on the lot where located.
- (C) No such non-conforming use shall be moved, in whole or in part, to any other portion or location of the lot or parcel than which was occupied by the use on the effective date of the regulation which made the use non-conforming, unless such would improve conformity with the current regulations.
- (D) A non-conforming use shall not be permitted to resume if the building(s) or other structure(s) in which it existed become destroyed beyond fifty percent (50%) of the cost to replace such.
- (E) The legal non-conforming status of a use is terminated upon abandonment or discontinuation of the use for more than two (2) years.
- (F) No provision of this Code shall render a previously permitted single-family detached dwelling as a non-conforming use except for such use within a floodplain or environmentally sensitive area.

1.308.3 Non-Conforming, Legal/Grandfathered Lots of Record: All lots of record or subdivisions with preliminary plat approval by the RPC prior to the effective date of this Code (which approval has not lapsed by reason of inactivity as provided in the Warren County Subdivision Regulations) shall not be considered non-conforming.

- (A) **Residential Lots:** Setback requirements when applied to non-conforming lots shall not reduce the lot dimensions by greater than twenty percent (20%) of the lot width.
- (B) **Non-Residential Lots:** Lots that do not meet the minimum area, width and/or frontage required by the non-residential zone in which located are non-conforming.

- (C) In any zoning district, an allowable structure may be permitted on a single lot of record provided that the lot has sufficient frontage on a public street to provide access that is appropriate for the proposed use. Existing residential structures on non-conforming lots, prior to the effective date of this code, are exempt from this provision and may be replaced or expanded.
- (D) Where a property owner has several abutting lots that do not conform to the dimensional requirements, they shall be combined to create fully conforming lots or, if full conformity is not possible, they shall be combined to the extent that the recombination increases the degree of conformity. Recombination of lots is not required, if:
 - (1) Two or more of the lots are developed with principal buildings, and the recombination of lots would create non-conforming structures;
 - (2) The combination of lots would materially disrupt the character of the area; or,
 - (3) For lots that may individually support sanitary service.
- (E) Any non-conforming site may be enlarged or altered. However, no such enlargement or alteration shall either create an additional non-conformity of all or any part of such site, unless otherwise specified in this code.

1.308.4 Non-Conforming, Legal/Grandfathered Structure of Record: A building or other structure of record, which predated the adoption or amendment of this Zoning Resolution and is not permitted, by reason of restrictions on type, area, bulk, height, setbacks or other similar requirements. These structures may remain provided they remain lawful in accordance with the following:

- (A) Any non-conforming structure may be enlarged, maintained, repaired, or altered provided, however, no such enlargement, maintenance, repair or alteration shall not create an additional non-conformity or increase the degree of the existing non-conformity of all or any part of such structure or site, unless otherwise specified in this code.
- (B) Shall not be moved, in whole or in part, unless for purpose of coming into complete compliance with the zoning requirements;
- (C) If the structure becomes damaged or destroyed beyond fifty percent (50%) of the replacement cost, reconstruction shall comply with the current zoning requirements.
- (D) Completion of construction and subsequent routine maintenance and repair is permitted.
- (E) The principal use of a non-conforming building may be changed to any principal permitted use in the applicable zoning district as long as the new use complies with all regulations of this code specified for such use, except the regulations to which the building did not conform prior to the change in use.

1.308.5 Procedure for Becoming Conforming: In many instances, minor non-conforming uses or buildings/structures are integral parts of the community's fabric. In these instances, the classification "non-conformity" and resulting restriction on investment may not be what the community desires. As such, the use may be made conforming pursuant to this Section. Non-conformities may become conforming as follows:

- (A) **Types of Situations:** The following are two types of situations whereby a nonconforming use, building, structure, or lot can become conforming:

- (1) Correct the non-conforming situation. Note: Where a proposed change of use is different than the non-conforming use, and a conditional use permit is required, those procedures must be followed.
 - (2) Apply for conditional use permit as conforming. Under this process, where there is no change of use, the non-conforming situation may be mitigated and made conforming through application for and approval by, the BZA for a conditional use permit.
- (B) **Procedure:** Owners of non-conforming uses, buildings, structures, or lots may apply for conditional use permitting to become conforming without changing the use or necessarily modifying the entire physical nature of the nonconformity. The conditional use permitting application is reviewed by staff that then provides a recommendation to the BZA for a final decision. The BZA, at their discretion, may require an operation plan or additional studies and reports from the property owner as part of their consideration.
- (C) **Review Criteria:** In addition to the standards and criteria for Conditional Use review, the applicant shall meet the following requirements:
- (1) Demonstrate that the nonconformity, as conducted and managed, has minimal incompatibilities that have been integrated into the community's function. Factors to evaluate this criterion include the following:
 - (a) The area residents patronize or are employed at the use;
 - (b) Current management practices that eliminate problems such as noise, waste materials, competition for on-street parking, or similar conflicts;
 - (c) The non-conformity's history of complaints against it; and,
 - (d) The non-conformity has been maintained in good condition or that the non-conformity represents a disincentive for such maintenance.
 - (2) The BZA shall determine that the non-conformity is generally integrated into the community and has minimal adverse impacts. The BZA may require appropriate conditions and safeguards to assure that the non-conformity does not adversely affect orderly development and the value of nearby property, including, but not limited to: required improvement of, or modifications to existing improvements on the property; limitations on hours of operations; and limitations on the nature of operations.
- (D) **The Effect:** The granting of a conditional use approval eliminates the non-conformity. The conditional use approval shall be noted on the zoning map.

1.308.6 BZA Additional Authority: The BZA shall have the power to grant the substitution of a non-conforming use, existing at the time of enactment of this Code, by another non-conforming use, if BZA determines that the substituted use would not be of greater intensity or density than the existing non-conforming use.

SEC 1.309 VIOLATIONS AND PENALTIES:

1.309.1 Provisions To Cite And Impose:

- (A) As provided per ORC Section 303.23, no person shall locate, erect, construct, reconstruct, enlarge, change, maintain, or use any building or use any land in violation of a resolution, or amendment or supplement to such resolution, adopted by the Board of County Commissioners under Sections 303.01 to 303.25, inclusive, of the Ohio Revised Code (ORC), and each day such violation continues is a separate offense.
- (B) As provided per ORC Section 303.24, in case any building is or is proposed to be located, erected, constructed, reconstructed, enlarged, changed, maintained, or used, or any land is or is proposed to be used in violation of this Resolution or any amendments or supplements thereto, the Board of County Commissioners, the County Prosecuting Attorney, the County Zoning Inspector, County Building Inspector, or any adjacent or neighboring property owner who would be specially damaged by such violation, and elects to pursue such action at their own cost and expense, in addition to other remedies provided by law, may institute an action seeking injunction, mandamus, abatement, or any other appropriate action or proceeding to prevent, enjoin, abate, or remove such unlawful location, erection, construction, enlargement, change, maintenance, or use.
- (C) For the purposes of the violations and penalties provided for herein, “person” shall include the owner or tenant of any building, structure, land or premises, or part thereof, and any architect, builder, contractor, agent, or other person who commits, participates in, assists in, allows or maintains such violation may be subject to the jurisdiction of a court of competent jurisdiction and each be found liable for each separate offense and be subject to the order of the court, if processed to such conclusion after any such person involved in the violation has been duly notified by the Zoning Inspector in ordering the violation to be abated within a time period specified in accordance with Section 1.308.2 (Notification Requirements).

1.309.2 Violation and Remedies Notification Requirements: Notice of violation made in accordance with requirements of this Section shall be provided by the Zoning Inspector to the violator(s) involved in the event the Zoning Inspector finds a violation exists as described in Section 1.309.1, as observed by the Zoning Inspector or from investigation into a verbal or written complaint of such made to the Zoning Inspector. The violation notice shall also state the remedy ordered of the violator(s), the time period within which to do so and advise the violator(s) of their right to appeal the order and of the potential consequences if convicted of not complying with the order if upheld valid to impose. The provisions so regarding are specified as follows:

- (A) **Notice Of Violation:** The required written notice of violation to be provided by the Zoning Inspector shall contain the following:
 - (1) The name(s) and address (es) of the violator(s);
 - (2) The Sidwell identification and road address of the parcel(s) where the violation exists;
 - (3) Description of the violation and citation of the zoning requirements being violated;
 - (4) Statement of the remedy ordered necessary and time period allowed to do so; and,
 - (5) Statement of violator(s) right to appeal and potential consequences of non-compliance.

- (B) **Violation Notice Delivery:** The required notice of violation shall be delivered by the Zoning Inspector in any of the following ways for purpose of notifying the violator(s) involved:
- (1) By Certified Mail addressed to the violator(s) last known address, service shall be deemed complete when a Certified Mail receipt is received or returned undeliverable or refused; or,
 - (2) By Certified Mail and ordinary U.S. mail with a Certificate of mailing simultaneously, addressed to the violator(s) last known address. Service shall be deemed complete when a Certified Mail receipt is received or ordinary U.S. mail first-class mail is not returned after 10 days of mailing or returned undeliverable or refused; or,
 - (3) By personal delivery to the violator(s) responsible, or by leaving the notice at the usual place of residence thereof, or
 - (4) By posting a copy of the notice at a conspicuous place on the premises of the violation, as signed and dated by an adult witness on the notice so delivered and by the same on file copy.

1.309.3 Required Remedy, Potential Appeal And Non-Compliance Consequences:

- (A) **Required Remedy:** Each violation specified in the violation(s) notice prepared and delivered in accordance with Section 1.309.2 is required to be remedied by the violator(s) as specified in the violation(s) notice within the time period allowed to do so.
- (B) **Remedy Time Period:** The time period allowed to a violator to remedy a violation shall be as specified in the notice of violation delivered by the Zoning Inspector, as determined reasonable by the Zoning Inspector, or as otherwise specified in this Zoning Code. The Zoning Inspector may order a violation to cease and desist immediately if the nature of the violation constitutes a readily apparent danger to public health or safety.
- (C) **Potential to Appeal:** The violator(s) may file an appeal to the Board of Zoning Appeals (BZA) for relief or release from having to comply with the remedy ordered in violation(s) notice delivered by the Zoning Inspector, provided the appeal meets all requirements specified in Section 1.310 of this Zoning Code. Filing of an appeal to the BZA shall stay the time period ordered in the notice for compliance. If the BZA denies the appeal, the applicant may seek relief from the Court of Common Pleas of jurisdiction.
- (D) **Non-Compliance Potential Consequences:** Violator(s) failure to comply with the remedy ordered and the time period in which to do so specified in the violation(s) notice delivered would be considered an additional violation, in the absence of an appeal to the order being granted by the BZA or the Court of Common Pleas. Consequences of non-compliance may result in penalties as determined by the applicable Court of jurisdiction.
- (E) **Penalties:** Any person found by a court of competent jurisdiction of violating the Zoning Code shall be subject to such court ordering all legal and equitable remedies available including but not limited to: the court issuing a temporary injunction or restraining order; the court ordering abatement within 30 days of the filing of a final and appealable judgment, and in the event the person so ordered fails to timely abate any

violations, if the party bringing the action is the Board of County Commissioners, the County Prosecuting Attorney, the County Zoning Inspector or the County Building Inspector, the court granting such party access to the property upon which the violations are located in order to abate the violations and assessing the costs, charges and expenses of abating such violations against the property upon which the violations are located and certifying such costs to the County Auditor to be placed on the real property tax duplicate to be collected by the County Treasurer; and, permanently enjoining the person from further violations of the Zoning Code and subjecting such person to contempt upon a showing of failure to comply with the Court's Order or further violations without cause including but not limited to imposing a fine of not more than five hundred dollars (\$500) for each offense. Each day a violation continues shall be a separate offense in accordance with ORC Sections 303.99 and 303.23.

SEC 1.310 ADMINISTRATIVE APPEALS:

1.310.1 Purpose: Administrative appeal is provided pursuant per ORC Section 303.14(A), which specifies that a Board of Zoning Appeals (BZA) may hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by a administrative official in the enforcement of ORC Sections 303.01 to 303.25 or of any resolution adopted pursuant thereto. Per ORC Section 303.14, the BZA, in exercising this power, may reverse or affirm, wholly or partly, or modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end has all powers of the officer from whom the appeal is taken. Decision by the BZA on such appeal is final, unless otherwise overridden by the Court of Common Pleas of jurisdiction or higher Court thereafter, if successfully filed with the Court by the recipient applicant in disagreement with the BZA decision on the appeal.

1.310.2 When Appropriate: Submitting an application for administrative appeal is appropriate when the applicant can clearly cite grounds that the Zoning Inspector has:

- (A) Wrongfully imposed a requirement or restriction specified necessary by, or in accordance with, this Zoning Resolution upon a property or use activity of the applicant; and/or,
- (B) Wrongfully denied a provision of allowance by, or in accordance with, this Zoning Resolution for a property or use activity of the applicant; and/or,
- (C) Otherwise acted inappropriately upon the applicant or a property or use activity of the applicant in a manner contrary to, or inconsistent with, this Zoning Resolution.

1.310.3 Application Information and Submittal Fee:

- (A) Name, address, fax number, e-mail address, and phone number of the owner/agent of the property;
- (B) Date submitted to, and accepted complete, for processing by the Zoning Inspector;
- (C) The Sidwell identification number of the parcel(s) of the appeal submitted; the name of the Township and zone and the applicable Section, Town, and Range or Military Survey number(s) in which the site is located; the road address of the site, if issued; and, if applicable, the name of the subdivision and the lot number(s) of the site and other identifying references provided, if necessary, to accurately establish the location of the appeal site;
- (D) Statement of the grounds as reason(s) for submitting the application for administrative appeal;
- (E) Signature of the applicant on the application form attesting to the truth and correctness of all information provided on the application form and in any other accompanying information; and
- (F) The application submittal fee established by the Board of County Commissioners.

- 1.310.4 Application Submittal and Processing for Decision:** The procedure by which the application for administrative appeal shall be submitted and processed for decision by the Board of Zoning Appeals (BZA) is as follows:
- (A) **Notice Of Appeal Submittal:** The required application in serving as notice of appeal to the BZA must be submitted to the Zoning Inspector within twenty (20) days after the date that the action of the Zoning Inspector being appealed was made by the Zoning Inspector, together with the required fee for submittal and any accompanying information in support of the appeal.
 - (B) **Stay of Proceedings:** Submittal of the appeal shall stay all proceedings in furtherance of the action appealed from, unless the Zoning Inspector certifies in writing to the BZA that, by reason of fact, a stay would cause imminent peril to life and property. In such case, proceedings shall not otherwise be stayed other than by an order of the Court of Common Pleas of jurisdiction upon notice to the BZA and the Zoning Inspector.
 - (C) **Processing For Hearing:** Upon receipt of the notice of appeal application, the Zoning Inspector, or via the Zoning Clerk, shall forthwith convey a copy of the application and all papers constituting the record upon which the appeal is based to each member of the BZA along with written notification of the earliest possible scheduled date, time, and place where the BZA shall hold its hearing on the appeal. The notification describing the appeal and stating the place, date, and time that the BZA will hold its hearing on the appeal shall also be published in one or more newspapers of general circulation in the zoning jurisdiction area at least ten (10) days prior to the hearing and likewise broadcast on the Warren County Building and Zoning webpage of the Warren County website.
 - (D) **Hearing and Record on Appeal:** The BZA shall consider and keep record of all testimony received from persons during the hearing regarding the appeal. Upon the BZA closing the hearing and its members concluding their deliberation on the appeal, the BZA shall render its decision on the matter.
 - (E) **Decision on Appeal:** The BZA shall have all the powers of the Zoning Inspector with respect to making its decision on the appeal. The concurring vote of the majority of the BZA members present at the hearing shall be necessary to uphold, reverse, or modify the appealed action of the Zoning Inspector. The BZA shall render a written decision on the appeal without unreasonable delay after the close of the hearing, and in all cases, not exceeding thirty (30) days thereafter.
- 1.310.5 Decision, Determination and Findings:** The Zoning Inspector order, requirement, decision, or determination appealed shall be upheld unless the BZA determines that the Zoning Inspector action was:
- (A) Based on an erroneous or improper interpretation of the Zoning Resolution; or,
 - (B) Based on an erroneous finding of material fact; or,
 - (C) Unfounded, indefensible, or inappropriate use of discretion; or,
 - (D) Arbitrary or capricious and made without necessary basis on the Zoning Resolution.
- 1.310.6 Recourse to Unfavorable BZA Decision:** The applicant may appeal to the Court of Common Pleas.

SEC 1.311 **ADMINISTRATIVE INTERPRETATION:** This Section shall guide the Zoning Inspector in rendering an official interpretation.

(A) **Types of Interpretations:**

- (1) **Meaning or Application:** When evaluating a section of this Code as to its meaning or application, administrative interpretations shall not lessen protection, provided by this Code.

- (2) **Unlisted Uses:** When a use is not specifically listed in The Table of Permitted Uses (Section 2.205) or Allowable Uses (Section 2.407.3), it shall be understood that the use may be permitted or prohibited if the Zoning Inspector determines that the use is similar to other uses listed. It is further recognized that every conceivable use cannot be identified in the use tables and, anticipating that new uses will evolve over time, this section establishes the Zoning Inspector’s authority to compare a proposed use and evaluate its similarities, operation, impacts, or scale to those uses listed. Where a choice of uses exists, after reviewing for adverse impacts, the use should be classified with the similar use that has the most adverse impacts. In determining “similarity” the Zoning Inspector shall make all of the following findings:
 - (a) The characteristics of, and activities associated with, the proposed use are equivalent to one or more of the listed uses, and will not involve a higher level of activity or population density than the uses listed in the district;
 - (b) The proposed use(s) will be consistent with the purpose of the zoning district; and
 - (c) The proposed use(s) shall consider the suggestions of the Comprehensive Plan and any approved area plan.

(B) **Procedure:** In making an administrative interpretation of this Code, the zoning inspector shall:

- (1) Request the County Prosecutor’s review and recommendation on the interpretation request.
- (2) Consider the suggestions of the Comprehensive Plan and any approved area plan, this Code, the Zoning Map, and the recommendations of the County Prosecutor.
- (3) Determinations shall be made in writing and shall contain the facts that support the determination. The Department shall maintain all such determinations on record and a written interpretation shall be mailed to the applicant and provided to the RPC within 30 days of receipt of a complete request for an interpretation.
- (4) The Zoning Inspector shall maintain a record of all administrative interpretations rendered. This record shall be available for public inspection in the Zoning Inspector’s office, upon reasonable request, during normal business hours.
- (5) To ensure that the intent of this Code is being met, the Zoning Inspector shall report twice yearly to the RZC on all administrative interpretations made. The RZC may request the RPC to prepare text amendments to the Code.

SEC 1.312 FEE REQUIRED:

- (A) **Applicability:** Each application specified necessary in this Chapter for zoning enforcement is to be accompanied by the fee required when submitted to the Zoning Inspector for filing and processing, unless otherwise waived or reduced by a BOCC Resolution referenced in the following paragraph (B).
- (B) **Amount:** The dollar amount of the fee required for each application specified in this Chapter is as adopted by a BOCC resolution.
- (C) **Administrative Appeal Fees:** If the Zoning Inspector's interpretation is overturned in its entirety, the fees, associated with the appeal of administrative interpretation in accordance with Section 1.311, will be fully refunded to the applicant.
- (D) **Publication:** The required fee for each application is available as public record upon inquiry to the Zoning Inspector or Clerk.

SEC 1.313 REASONABLE ACCOMMODATION REQUEST:

1.313.1 Purpose: This section provides a procedure to request reasonable accommodation for persons with disabilities seeking equal access to housing under the Federal Fair Housing Act and the State of Ohio Fair Housing Act (the Acts) in the application of zoning laws and other land use regulations, policies and procedures. A request for reasonable accommodation may include a modification or exception to the rules, standards and practices for the siting, development and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability equal opportunity to housing of their choice.

1.313.2 Applicability: A request for reasonable accommodation may be made by any person with a disability, their representative or any entity, when the application of a zoning law or other land use regulation, policy or practice acts as a barrier to fair housing opportunities. A person with a disability is a person who has a physical or mental impairment that limits or substantially limits one or more major life activities, anyone who is regarded as having such impairment or anyone who has a record of such impairment shall provide evidence of disability. This section is intended to apply to those persons who are defined as disabled under the Acts.

1.313.3 Application Requirements:

- (A) **Application:** Requests for reasonable accommodation should be submitted on an application form provided by the Building and Zoning Department, or in the form of a letter, to the Zoning Inspector and should contain the following information:
 - (1) The applicant's name, address, and telephone number.
 - (2) Address of the property for which the request is being made.
 - (3) The current actual use of the property.
 - (4) The basis for the claim that the individual is considered disabled under the Acts.
 - (5) The zoning code provision, regulation or policy from which reasonable accommodation is being requested.
 - (6) Why the reasonable accommodation is necessary to make the specific property accessible to the individual.

- (B) Review with other land use applications. If the project for which the request for reasonable accommodation is being made also requires some other discretionary approval (including but not limited to; conditional use permit or site plan review, etc.), then the applicant shall file the information required together for concurrent review with the application for discretionary approval.

1.313.4 Review Authority and Procedure: Requests for reasonable accommodation shall be reviewed by the Zoning Inspector. The Zoning Inspector shall make a written determination within forty five (45) days and either grant, grant with modifications, or deny a request for reasonable accommodation in accordance with Section 1.313.5 (Findings and Decision).

1.313.5 Findings and Decision:

- (A) **Findings:** The written decision to grant or deny a request for reasonable accommodation will be consistent with the Acts and shall be based on consideration of the following factors:

- (1) Whether the housing, which is the subject of the request, will be used by an individual disabled under the Acts.
- (2) Whether the request for reasonable accommodation is necessary to make specific housing available to an individual with a disability under the Acts.
- (3) Whether the requested reasonable accommodation would impose an undue financial or administrative burden on the county.
- (4) Whether the requested reasonable accommodation would require a fundamental alteration in the nature of a county program or law, including but not limited to land use and zoning.
- (5) Physical attributes of the property and structures.
- (6) Alternative reasonable accommodations which may provide an equivalent level of benefit.

- (B) **Conditions of Approval:** In granting a request for reasonable accommodation, the Zoning Inspector may impose any conditions of approval deemed reasonable and necessary to ensure that the reasonable accommodation would comply with the findings required by Section 1.313.5 (A).

1.313.6 Appeal of Determination: A determination by the Zoning Inspector to grant or deny a request for reasonable accommodation may be appealed to the Warren County Board of Zoning Appeals in compliance with Section 1.310 (Administrative Appeals) of the Warren County Rural Zoning Code.
