## COMMISSIONER YOUNG GUEST SPEAKER AT NATIONAL LOCAL LEVEL POLICY CONFERENCE

Warren County sets an example again, on the national stage, for its reputation of being fiscally secure and dedicated to conservatism.

Our Commissioner, David Young, was asked to give a TED style talk to an audience of city and county leaders from around the nation. The event is one of the nation's largest local level policy conferences. Conservative local officials and industry experts gather for three days to discuss and find solutions to local policy issues. He was among many notable speakers at the conference which in the past have included: Governor Scott Walker, U.S. Senator Ted Cruz, Governor Rick Perry, Carly Fiorina, Art Laffer, and Dr. Ben Carson.

## JUDGE PEELER WINS HUMANITARIAN AWARD FOR LEADERSHIP IN THE ANTI-HEROIN FIGHT

Several community leaders were recognized in the fight against the heroin epidemic in Greater Cincinnati and Northern Kentucky at the 2016 Heroes Against Heroin Humanitarian Awards Gala on September 4 in Covington. Among the award recipients was our esteemed Warren County Common Pleas Judge Robert Peeler of whom we are very proud for his tireless efforts in the fight against our own county's heroin epidemic. The Heroes Against Heroin humanitarian awards program is led by Transitions, Inc., the largest substance abuse disorder treatment center in Northern Kentucky. The program and benefit for the nonprofit organization started in 2015.

# FAMILY FUN DAY FESTIVAL HELD BY THE WARREN COUNTY BOARD OF DEVELOPMENTAL DISABILITIES

The Warren County Board of Developmental Disabilities (WCBDD) held their 7th Annual Family Fun Day festival in Springboro on Saturday, September 17, 2016 at The Miracle League Field at the Springboro Junior High School.

This event was free and open to the community. Each year, it is held for families who have children with disabilities, but is also open to everybody of all abilities. There were inflatable bounce houses, face painting, games, arts and crafts, horse drawn carriage rides, a small animal petting zoo, and food and beverages. Most of the rides, games, and attractions were accessible to those in wheelchairs or walkers. Everything at the event was staffed and run by employees of WCBDD.

The Warren County Board of Developmental Disabilities supports more than 1,800 individuals with disabilities, and their families, through Early Intervention, Adult, Employment, Residential, Therapy, and other programs.

# 1916 INFIRMARY TIME CAPSULE 100 YEARS

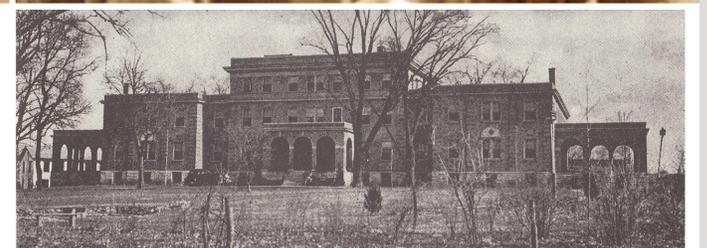

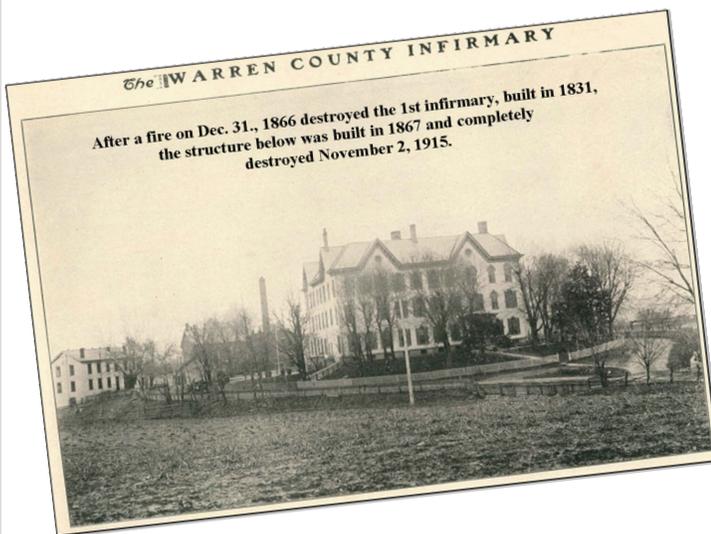

*WARREN COUNTY  
GOVERNMENT HAS A  
LONG HISTORY OF  
SERVING ITS RESIDENTS  
WITH CARE AND  
COMPASSION.*

The Time Capsule Committee, Warren County Commissioners, and the Archives staff were thrilled over everyone's support either in person or on our Facebook Live feed during the opening of the Infirmary Time Capsule. It was a successful turnout of over 200 people in person and many more online. The time capsule proved to be fascinating with numerous newspapers, photos, coins, and even a personal letter from the infirmary superintendent's daughter.

On October 4, 2016, you are invited to join us as we place another 100 year Time Capsule back into the cornerstone of this building.

Our hope is that in 2116, the Officials and residents opening that time capsule will find value in remembering our county's history and be just as dedicated in providing for the less fortunate as we are in 2016.

This 3rd Infirmary, built in 1916 cared for the poor, ill, and helpless until 1971, when it became known as the County Health & Human Services Bldg.

**New Infirmary built in 1916 and today is Health & Human Services Bldg.**

Since 1971, this building has continued to help the poor, ill and helpless by housing the Welfare Department, n.k.a. Job & Family Services, its divisions being Human Services and Children Services; and the County Health Dept.

## FOSTER PARENTS NEEDED IN WARREN COUNTY

The Warren County Children Services is always in need of individuals who are willing to open their homes to children who are in the temporary custody of our agency.

Foster parents play an important role in helping children, youth, and families achieve stability. Once a child or sibling group is placed in a home, a new journey begins that can last anywhere from overnight to several months. After the immediate safety of the child has been addressed, the next priority is reuniting the child with their birth family. By working in partnership with a child's family and a team of professionals, foster parents can help the child return home or move toward another permanent option. Slightly more than half of all children who go into foster care return to their birth families. Establishing a positive relationship with a child's family also can enhance a child's general well-being. When children see their foster parents cooperating with their families, they can feel more relaxed and can focus on the important developmental tasks of childhood.

If you are interested in becoming a foster and/or adoptive parent, please call the agency at (513) 695-1538. A member of the Foster Care/Adoption staff will speak with you about the agency and the requirements for becoming a foster/adoptive parent.
