Exercise will be held in two locations, one in the City of Franklin and the other at the Warren County EOC. Testing communication between City of Franklin first responders and dispatch and the EOC for information coordination and resource management.</p> <p><u>EMA Update:</u> Lesli Holt reported that Warren County EMA has been working with LCI to help develop, plan and facilitate a full scale exercise with LCI.</p> <p>Lesli Holt also reported that Warren County EMA has been receiving requests for tabletop exercises for schools. Also have been receiving request for severe weather education from some schools and libraries.</p>	<p>RECOMMENDATION/ACTION: None</p>

Warren County LEPC Meeting Minutes 3/14/2019

National Severe Weather Week is the following week:
March 23th through 29th

Lesli Holt reported that she would be sending out a weather notification email regarding the storm system moving into the area. Ahead of the storm system, the biggest threat of damaging winds at 50-60 mph. Once the storm cell is in our area it moves at 20-25 mph, this storm cell has the threat of tornados. Currently not under a tornado watch, but is expected that Warren County will be under the watch in the near future.

SERC: Due to the severe weather threat both Sam Reed and Phil Clayton of Ohio EMA were unable to be at the meeting.

David Wood reported on their behalf. The SERC has been reviewing EEM, for potential of changing language to add describe, discuss or demonstrate to some of the objectives. Discussion of keeping or changing the language in the Hospital Objective to help those counties that do not have a hospital within their jurisdiction.

The next SERC meeting April 14th.

Ohio EPA: No report at this meeting.
