

# Esperanza

age 14

Esperanza "Essy" is a loving 14-year-old girl who wishes to be adopted. She is a very hopeful child and protective and caring over the ones she loves. Her hope is to find a family she feels safe and loving with. Essy will need a family that can provide structure and set clear expectations.

A few relatives have maintained contact with Essy. Contact was approved by the agency and will need to be maintained.

Essy enjoys the outdoors, hiking, swimming, and horseback riding. When it comes to indoor activities she loves to draw, listen to music, and watch movies. Essy is a big animal lover and would like to attend school for zoology.
